

DEPUTIES BATTLE ALLEGED RUM GANG

REPUBLICAN LEAD HOLDS IN CONGRESS

Election Gives Them Lead in New Congress

MANY STILL IN DOUBT

Longworth in Line for Speakership in House

WASHINGTON — (By Associated Press) — Ability of the Republican organization to control the new congress elected Tuesday appeared today to hinge on the outcome of senatorial contests in three states—Minnesota, New Mexico and Wyoming. There was little doubt that it would have at least a bare working majority in the house over Democrats and LaFollette insurgents.

If the Republican candidates for the senate in two of the three states still in doubt are victorious and the vacancy in Connecticut is filled by a Republican, a coalition of Democrats and consistent supporters of Senator LaFollette would fall two short of a majority.

In Minnesota and Wyoming the Republican nominees are leading on the face of incomplete returns as received today, but in New Mexico Senator Bursum was trailing his Democratic opponent, Sam G. Bratton.

With the result in sixteen congressional districts still in doubt, the lineup of the new house based on unofficial returns, was Republicans 238; Democrats 177; scattered 4.

STILL HAVE LEAD

Of the missing districts, nine now are Democratic and seven are Republican but even should all these seats be captured by the Democrats the Republican organization still would have a majority of 19 with which to offset defections in the LaFollette bloc. This majority is a result of inroads the Republicans made on the Democratic side. They recaptured 23 seats, while the Democrats took only three places from them. With the last doubtful district in Pennsylvania finally swinging into the Republican column the Democrats will be without representation in the delegation from that state, having lost 10 seats they now hold.

Uncertainty as to the future complexion of the senate was intensified today by the see-sawing fight in Iowa between Senator Doughty, a LaFollette supporter, and Daniel F. Steck, a Democrat.

This contest did not have effect on the calculations as to a Republican majority in the next congress as the organization has a long time to gain irrespective of the final outcome.

NEW YORK — (By Associated Press) — The fight for a working majority of congress continues to be a close one.

It holds out the prospect that President Coolidge may have a marginally majority, although over the LaFollette insurgents balance of power which the present congress has maintained and thwarted many administrative measures and political outcomings.

From more than 30 districts still were missing from the tally while the votes in 11 districts were being counted.

As the returns then stood, 36 hours after the election, the polls, the Republicans had taken 230 seats, giving them a majority of 127. Out of the 30 districts still to be heard from, they hoped to solidify their gains against the raids of a Democratic LaFollette coalition.

The Democrats at the same time had taken 174 seats and had a slim margin of 10 seats.

The Republicans, however, had down most of the overturning of the congressional districts. They were represented by Democrats who flopped back into the LaFollette landslide on Tuesday.

DEMOCRATS TAKE FOUR

The Democrats had taken four seats in Delaware, Massachusetts and Oklahoma. At the same time they took one in Colorado.

They also took one in Illinois, Kansas, Michigan, New Hampshire, Oregon, Rhode Island, South Dakota, West Virginia and Wyoming.

In Iowa the Republican column lost a seat—Smith W. Brookhart—one of LaFollette's supporters who repudiated the Republican national ticket and although a Democrat takes that seat, the Republican chiefs will not count it as a loss.

In Minnesota a close race was being run right up to the wire between Magnus Johnson, the farmer-labor senator, and Representative

FORD RAIL SUIT IS OPENED

Allen-co Courts Have no Jurisdiction, Claim

QUARRIES CO. DEFENDANT

Best Legal Minds Opposed in Battle Here

The battle of the best legal minds, arrayed by Henry Ford, owner of the D. T. & I. railroad and the National Quarries Co., opened in probate court Thursday when a land appropriation suit brought by the railroad to acquire property of the stone concern was called.

The question of the jurisdiction of Allen-co courts was raised at once in an objection filed by counsel for the stone company.

Two rival armies of attorneys, representing the cream of the Allen-co bar, backed by keen legal brains imported from Detroit, Toledo and Columbus, lined up for the big battle.

It was divulged at the outset that injunction proceedings have already been instituted in federal court in Toledo, with the object of restraining Ford from running his railroad over the quarry tract, about one mile north of Lima.

CHANGE SOUGHT

Attorneys for the National Quarries Co. told Judge J. H. Hamilton they desire to have the entire proceeding transferred to United States courts on account of the difference in citizenship.

In raising the question of jurisdiction, it was stated that the position of the defendant is different from that of the usual defendant in such proceedings.

"We do not want to sell our property," attorneys told the court, "we want to keep it."

The average defendant, it was stated, accepts jurisdiction, because he wants to sell, but cannot obtain a sufficient price. In this instance it was argued the defendant does not acquiesce to allow the court or jury to fix the value of the land desired by the railroad company.

Several constitutional phases involved, the court was informed, have never been passed upon, and must eventually be decided by federal rather than state courts.

Judge Hamilton may not rule on the objections raised, until it is determined whether or not the restraining order is granted in federal court.

BUS DAMAGED

ST. MARYS — (Special) — A school bus owned by August C. Kellermey, St. Marys, and occupied by Noble High school students attending classes in St. Marys, was damaged in a collision at a street crossing here. None of the students were injured.

DUST HEAVY

ST. MARYS — (Special) — Heavy dust clouds on unpaved streets in the vicinity of Lima has caused city officials here to issue a warning on careful driving in hopes of preventing an increase in the weekly accident rate.

DENZING-SMITH

WAPAKONETA — (Special) — Marriage license was issued Thursday morning at the probate court to Don William Denzing, 21, farmer, and Hazel Leonard Smith, 22, housekeeper, both of Douchiquette-tp.

LEAD PILES UP FOR GOVERNOR AND COOLIDGE

President's Vote is Unprecedented in State of Ohio

RESULTS FROM COUNTY

Many Close Races Feature Battles in States

COLUMBUS — (By Associated Press) — Revised unofficial figures tabulated by the secretary of state at 1 o'clock today gave the following totals from 33,553 precincts:

President—Coolidge, 1,148,423; Davis, 470,492; LaFollette, 346,468.

Governor—Donahay, 1,017,168; Harry L. Davis, 874,143.

Lt. Gov.—Lewis, R., 1,007,781; Bloom, D., 710,866.

Secy. of State—Brown, R., 1,116,191; Newman, D., 610,064.

Auditor—Tracy, R., 1,053,411; Butler, D., 621,952.

Treasurer—Day, R., 1,008,632; DeWeese, D., 685,805.

COLUMBUS — (By Associated Press) — President Coolidge and Governor Donahay continued to pile up increasing pluralities in Tuesday's elections as belated returns were received today.

Governor Donahay was leading Harry L. Davis, his Republican opponent for the governorship by 144,282 with but 200 of the state's approximately 8,400 precincts yet to be heard from. The vote in 8,234 precincts gave:

Davis 859,446; Donahay 1,017,168.

President Coolidge received the unprecedented plurality of 648,774 when returns from 8,275 precincts had been tabulated. The vote was:

Coolidge 1,118,778; Davis 470,002; LaFollette 348,477.

Republican candidates for the minor state offices continue to increase their pluralities when all but 500 precincts had reported. All belated returns added to their wide margin over Democratic opponents, indicating the final tabulation will give them the largest vote on record in Ohio.

ILLINOIS

CHICAGO — (By Associated Press) — Virtually every state and national contest in Illinois had been decided today as returns dribbling in from 800 missing down state precincts of the state's 5,989 increased, in most cases, existing Republican majorities.

These ranged from President Coolidge's more than three quarters of a million plurality over John W. Davis and the half a million majority of Charles S. Deneen, former governor and United States Senator-elect over his Democratic opponent, Colonel A. A. Sprague to the few thousands that separated candidates in several closely contested congressional districts.

Twenty Republican congressmen elected in addition to two Republican representatives at-large. Democratic incumbents were replaced in two districts and returned in four.

President Coolidge had 1,249,250; Davis 488,431 and LaFollette 293,639 when 5,194 precincts had unofficially reported.

Unofficial returns from 5,016 precincts in the senatorial race gave Deneen 1,175,271 and Sprague 650,221.

Governor Len. Small, Republican held a lead of 330,000 over Norman L. Jones, Democrat.

MISSOURI

ST. LOUIS — (By Associated Press) — Missouri, listed in pre-election days by politicians as a "doubtful" state today stood with the commonwealth whose electoral votes will keep President Coolidge in the White House.

While the incomplete and unofficial returns left no doubt that the president had carried the state by a comfortable margin, the result of the governor's race still hung in the balance with Sam A. Baker, Republican, holding an advantage of 8,761 over his Democratic opponent, Dr. Arthur W. Nelson in 3,752 of the state's 4,099 precincts. The vote: Baker 592,498; Nelson 584,787.

President Coolidge on the face of returns from 3,776 precincts also was maintaining his majority over John W. Davis. The vote: Coolidge 588,746; Davis 519,780.

Girl, Sought By Police, Is Found

After parents and police conducted a frantic all-night search for Julia McNamara, 14, daughter of Mr. and Mrs. James McNamara, of 617 N. Metcalf-st, the girl was found early Thursday morning by her father at the Central high school building, where she was preparing for her first class.

Police were notified by parents and aided in the futile all-night search. McNamara had gone to the school to talk over the girl's disappearance with the principal when he found her preparing for her classes.

COOLIDGE VOTE REACHES 374

Doubtful States Roll up Commanding Republican Lead

DAVIS GARNERS ONLY 136

LaFollette Group Crushed Under Big Landslide

NEW YORK — (By Associated Press) — The Republican triumph in Tuesday's election assumes an even greater magnitude as the counting of the ballots nears completion.

Overnight returns not only boosted the total of electoral votes credited to Coolidge and Davis, but increased the likelihood that the new administration will have a dependable majority of its own party in congress.

They likewise lifted to new heights the vast Republican majorities in several states already counted in the Coolidge electoral column and gave indications of disposing there all of the electoral strength now classified as doubtful.

The latest triumphal procession are Montana and Nevada, having between them seven votes in the electoral college. That would increase the party total to 374, or 108 more than is needed to elect.

For a time LaFollette had threatened to capture one of the other, but the figures available today appeared to make both safely Republican.

DAVIS HAS 136

The electoral bag of Davis and Bryan remained meagre at 136, and apparently the only chance of an increase was in New Mexico, where the Democratic ticket was holding the lead by only a scant plurality. Coolidge was gaining a ratio which, if maintained, would add the state's three votes also to the Republican total.

LaFollette's last opportunity to increase the electoral vote of 13 given him by Wisconsin seemingly hinged on the returns from the only other state remaining on the doubtful list, North Dakota, with five votes. Coolidge remained in the lead on the face of returns from two thirds of the state, but his plurality was diminishing as a mounting LaFollette vote came in from the country districts.

The congressional returns not only indicated the defeat of one of the pillars of the LaFollette senate bloc—Senator Magnus Johnson of Minnesota, but they lifted the Republican majority in the house to a point where it seemed probable that the administration would be able to outvote there any combination of Democrats and LaFollette insurgents.

Thus it appeared that the Wisconsin senator not only had been held to a minimum of electoral strength in his fight for the presidency, but also was in jeopardy of losing the commanding position he has held for the past two years as leader of a group holding the balance of power in senate and house.

PLAN FUTURE CAMPAIGN

Despite this situation, the leaders of the LaFollette independent group were planning today to keep a party organization together for future campaigns, at the same time that the Democrats, buried under a second Republican landslide in four years, were trying to dig their way out far enough to take stock of the probable consequences to their party.

John W. Davis, the defeated Democratic presidential nominee, will talk over party reorganization plans with National Chairman Shaver and other Democratic chieftains at a luncheon here tomorrow, but it is probable that some time will elapse before there is a definite movement to put the party machine into running order once more.

ONE ONLY MEETS DEFEAT AT POLLS

Road Repair Levy Also Carries Thruout County

NEW SHAWNEE-TP SCHOOL

Centralization Carries by Big Vote. Returns Show

Special propositions before the people of Allen-co Tuesday, were in the main carried, reports which trickled into the board of elections Thursday showed.

The proposals, lost sight of in the interest in candidate races, came to light slowly.

Voters of the county ratified the 2-mill road levy by sufficient vote to carry. The revised unofficial count is—For, 10,942; against, 10,362.

More than 5,000 voters in the county failed to vote on the issue. Voters of Shawnee-tp with two propositions before them, involving improvement of the township school system, voted both of them thru.

NEW SCHOOL

Centralization carried and the \$150,000 bond issue went over big. The board of education already own a 16-acre tract in the center of the township, with a flowing well located on it.

The tract will become the site for the proposed combination high school and grade building. The artesian well has sufficient flow to provide water, without pumping, for drinking fountains and toilets and to turn a small dynamo that will furnish power and lights for the building.

All special levies with one exception were carried. Jackson-tp voted down a one-mill levy for school operation.

IN QUANDARY

Failure of the levy leaves the school board of the district in a quandary. A special meeting was held Wednesday night to consider ways and means for meeting the emergency.

It is suggested that the operation of part of the schools be taken over by the county board of education. The county board, under the law, has this power and can borrow money to meet the cost of operation and assess it back on the taxpayers of the township.

A three-mill levy for Spencer-ville schools carried four to one it will run for five years. Three-mill levies for schools at Bluffton and Lafayette were also carried by large majorities and a similar levy was also put over in Elda village.

NEW WALKS ARE BEING BUILT

Faurot-bk Getting Improvement; Other Contracts Signed

Construction of a concrete sidewalk at the south end of the Faurot block in High-st, extending from Main-st west to the first alley, or nearly half the distance of the block from Main-st to Elizabeth-st, has been started and is expected to be completed by the end of the week.

Workmen are busy tearing up the old flag pavement which has served the many years since the business home was erected. The flag walk will be used for a foundation for the concrete.

New concrete walk will also be placed in front of the building in Main-st, connecting with the recently laid walks in front of other stores in Main-st, making the west side of the street a solid concrete walk from High-st to North-st.

Contracts for many new concrete walks in other portions of Main-st and in all streets in the business section have been awarded in the past week and work will be started at once on as many different walks as possible so that all improvements can be completed before the advent of winter weather.

"Merchants are entering into the 'good sidewalk' campaign with enthusiasm," Manager Bingham said. "Within a few weeks Lima will be a city of concrete, especially when speaking of sidewalks."

SHE'S NELSON'S FIANCEE

Lieutenant Eric Nelson (below) has received numerous rewards for his part in the world fight. Here is the one he likes best. Her name is Ruth Butler. She lives in Dayton, O. Nelson's home station. Ruth is a former Follette girl. A reporter found her picture on the instrument board of Nelson's plane. Then the lieutenant admitted their engagement.

STATE ASKED TO CHECK LIMA GAS CO. PROPERTY

Proposed Rate Change Brings Action by City

ONE PRICE IS SOUGHT

Bingham in Letter Requests Utilities' Body Aid

Exhaustive survey of physical valuation of Lima Natural Gas Co. and Lima Gas Light Co. property by state public utilities engineers here checking up the proposed \$2,500,000 merger of the gas companies in Lima, Wapakoneta, St. Marys and Celina, has been asked by city officials with a view of modifying rates within the city for gas supply.

Two distinct rates exist here, one for artificial gas and the other for natural gas. Lima Gas Light Co. has a fixed charge of \$1.90 per thousand for artificial gas in addition to a service charge of 25 cents. Lima Natural Gas Co. is operating with a sliding scale of \$1 per thousand on a minimum charge of 1.25.

Under the sliding scale of the Lima Natural Gas Co. with the minimum charge of \$1.25 in the consumption of gas a charge of \$1 was made for the first 5,000 feet, \$1.05 for the second 5,000 feet, \$1.10 for the next 5,000 feet and \$1.15 for all over 15,000 feet.

PROPERTY SURVEY

With arrival here Monday afternoon of T. D. Pierce, public utilities commissioner, engineer from Columbus and a staff of engineers to investigate the merger of the five gas companies in this section of the state under a company to be known as the Western Ohio Gas Co., city commissioners Wednesday afternoon following a conference with Frank Pringle, manager of Lima Natural gas companies officially requested the state engineers thru the utilities commission to make a survey of the two companies relative to price modifications.

Cooperation of the state public utilities commission was asked by City Manager C. A. Bingham in a letter sent to Columbus asking state authority to use the engineers here to make the survey. The letter is as follows:

"The Lima Gas Co. is desirous

4 YOUTHS HELD BY POLICE

Four youths, two of whom are juveniles, and all of whom are runaways from Burr Oak, Mich., were apprehended by local police with an alleged stolen automobile, while speeding on city streets Wednesday afternoon. They gave their names as Richard, Harold, Edgar and Clarence Caylor, both 16, and Frank Wagner and Arthur Everett, both 18.

Sergeant Grant and a police officer investigated an anonymous report that four men in a Ford automobile were speeding on Hazel-av. The boys arrested after noon.

Everett's parents to whom the automobile is said to belong, were notified, and word was received Thursday from the Michigan city that parents of all four youths will come for them Thursday afternoon.

Huntbaugh and Taylor were turned over to juvenile authorities, and Wagner and Everett are being held at the city jail.

OSBUN SLIGHTLY HURT

Car Plunges Into Fence When Escape is Attempted

Two alleged whisky runners, said to have been enroute to Lima with a cargo stored in an automobile, authorities believe was stolen from R. R. Edgington, 903 1-2 S. Main-st, were taken in custody by deputies in a hand to hand battle near Kemp Wednesday night.

Noah Devore, 32, and Ferd Devore, 24, both residing north of Allentown, and Paul Potts, Lima, were arrested, and a large quantity of purported whisky confiscated.

Deputies Al Smith and Sam Osburn were called to the vicinity of Kemp by an anonymous tip that the Devore's were enroute to Lima with a cargo of liquor.

They encountered the party north of Kemp. They had had tire trouble and were about ready to start when the officers drove up in a county car.

Osburn leaped out and jumped on the running board of the motionless machine. Ferd Devore, who was at the wheel, started the engine and ran the car down the road off into an adjoining field. As the car headed across the ditch, Noah Devore, in the rear seat, was thrown out.

Osburn was hurled into a barb wire fence. His clothing was torn and he suffered numerous cuts and scratches.

The fence halted progress of the car. Ferd Devore leaped out and attempted to run, but was tackled by Osburn.

The two battled furiously, Osburn finally subduing his opponent. Smith in the meantime had placed Potts in custody and over-powered Noah Devore.

Potts, it was found, had been picked up by the two on the road and was aiding them to change tires, prior to arrival of the officers.

He reported to Sheriff Croason Thursday and was turned over to police to answer to an old disorderly conduct charge. The Devore's had been drinking heavily, both deputies were in jail Wednesday night and will be arraigned Thursday before Probate Judge J. H. Hamilton.

SENATOR LODGE UNCONSCIOUS

Condition Critical Following Stroke After Operation

CAMBRIDGE, Mass. — (By Associated Press) — The condition of Senator Henry Cabot Lodge, who suffered a stroke yesterday at the Charleston hospital here, was declared in a bulletin issued at the hospital shortly after noon, to be "unchanged but hopeful."

Senator Lodge was still unconscious at that time, having remained in that condition since he was stricken 24 hours before.

CAMBRIDGE, Mass. — (By Associated Press) — Senator Henry Cabot Lodge, who suffered a stroke yesterday at a hospital here where he has been convalescing from an operation, was still unconscious early today.

Dr. John H. Cunningham and the hospital's condition "must be considered critical."

The senator's statement revealed the history of Senator Lodge's case since July 27 when he submitted to an emergency operation from which he made good recovery. On October 20 a second operation was performed.

"The senator's convalescence was surprisingly good," Dr. Cunningham said. "He was out of bed on the third day and set up daily to rest and reading and dictating letters and the indications were that he would leave the hospital in a week with every assurance of being better in health than he had been for some time previous to the operation."

"There was every indication that he would be present at the opening of congress on December 1."

"Yesterday at noon he was suddenly seized with a stroke and became unconscious. He has remained unconscious since and his condition must be considered critical."

N. E. BODIES IN COMBINATION

District Epworth League
Formed at Banquet

OFFICERS ARE SELECTED

More Than 500 Expected at
Brotherhood Dinner

Lima District Epworth League was reorganized at the young people's district rally at Grace M. E. church Wednesday evening. More than 350 people were present.

Following the action of the last general conference of the Methodist church, the districts of the West Ohio conference were changed to make the county the working unit. Some of the territory in the former Lima district went to Springfield and Defiance while the remainder was combined with the old Findlay district.

The following officers were elected to direct the work of the Epworth League in the 84 churches in the Lima district: President, L. R. Minions, Ada; first vice-president, Mabel Hawk, Bluffton; second vice-president, Mary Holtzapfel, Elida; third vice-president, Mildred Schondel, Ottawa; fourth vice-president, T. Reid Alexander, of Lima Trinity; secretary, Douglas Galt, Findlay; treasurer, Ruth Copeland, Lay; Wesley Chapel; institute secretary, Mrs. Lottie Mooney, Lima Grace; junior superintendent, Ruth Bachmeyer, Lima Grace; life work secretary, C. L. Smith, Continental; publicity director, Carl Swinehart, Arcadia; executive committee, Rev. J. O. Hillier, Lima Epworth; Dr. E. Kennard, Continental; D. Vessey, Findlay; and Dr. E. L. Motter, district superintendent.

BANQUET HELD
The young people held a banquet at 6 p. m. at which Dr. E. L. Motter was toastmaster. Short pep talks were made by Stanley Miller, Lima; Dr. D. F. Helms, Lima; Dr. C. E. Martin, Findlay; and W. E. J. Gratz, editor of the "Epworth Herald," of Chicago.

At 7:30 Dr. Gratz, the principal speaker of the evening, gave a talk on "Our Young People of Today," in which he defended the younger generation. The reason the younger generation is not spanked, he said, is that the "spanker" is not the "spankee." The "spanker," he intimated, is the older generation.

Rev. Frank Reddick, of Rawson, opened the two-day conference Wednesday afternoon with a short talk. Rev. C. S. Grauser, of Wakarusa, and Rev. C. A. Rowand, pastor of Lima Trinity, also appeared as speakers.

Following the afternoon session a young people's hour was held at 4:15. On Thursday afternoon Dr. F. M. Swinehart, of Findlay, and Rev. D. N. Kelly, of Lima Grace M. E., gave short talks. Feature of the afternoon session is to be a round table in which all 84 ministers of the district will take part. Bishop T. S. Henderson, of Cincinnati, will be chairman of the round table.

More than 500 men of the district are expected to attend the brotherhood banquet at 6 p. m. Thursday. John L. Sullivan of St. Mary's, will preside.

Closing session of the conference will be held at 7:30 p. m., at which time Bishop Henderson will deliver the principal address of the conference on "Evangelism in a Modern City." More than 1,200 men are expected to hear him.

PHOTOGRAPHS SHOW PROVES ZONING NEED, THRU WHOLE CITY

Photographic proof of the city's needs for a zoning ordinance has been compiled by City Manager C. A. Bingham and will be presented next Monday night at the public hearing on the proposed zoning code, which has been in the making for two years.

Photographs taken in all sections of the city indicate the encroachment of business establishments in residential sections and the invasion of manufacturing concerns in both business and residential districts.

The proposed measure upon enactment will not be retroactive, according to Manager Bingham, who claims that all business now located in residential districts should be moved by order of city officials, but the ordinance will give the city power to regulate future building.

Several of the photographs of conditions in Lima show a portion of a residential street where four or five houses are built on a line and a grocery store sits at the edge of the sidewalk, hiding the view of a home, while others indicate a confusion of houses, stores and small manufacturing plants on a street designated as a residential street.

MISSIONARY ALLIANCE IN ANNUAL CONFERENCE

Annual convention and missionary meeting of the Christian Missionary Alliance church, Elizabeth-st. near Circular, will be held for four days beginning Thursday. Rev. I. H. Patterson, pastor, announces. Sessions will be held daily at 2:30 and 7:30 p. m.

Thursday afternoon Rev. J. A. Poole, of South China, and Rev. F. L. Allen, of Nyack, New York, will give short talks, while on Thursday evening Rev. R. B. Clark, of Brazil, will give a talk on exploration in the Amazon valley.

Rev. Poole will give an illustrated lecture on China on Friday night, while on Saturday night Rev. Clark will give a similar lecture on the Indians of the Amazon valley.

Other speakers to appear on the program are Rev. H. M. Shuman, district superintendent of Vermilion; and Rev. W. F. Conley, of Anderson, Ind.

SERVED UNDER HARDING

Banking Expert Ready for Life at Washington

CHICAGO — (By Associated Press) — Charles G. Dawes on March 4 will assume an office which he originally did not seek and which he offered his six months ago, he almost certainly would have declined.

This statement was made today by some of those closest to the vice president-elect and by those who know the inside story of how the banker, soldier, business man, philanthropist and economist has come to the place where after next March 4 he will be second only to the president.

Six months ago Dawes returned from Europe after serving as head of the experts committee of the reparations commission, which had worked out a plan for the economic rehabilitation of Europe. It was his third period of public service after having been comptroller of the currency under President McKinley and director of the budget under President Harding.

By some accounts not about raising his office as to spend the rest of his life as a private citizen, devoting his time to his banking and business interests, and to the life of a wealthy man who loves music, art and books, and whose name is connected with a number of charitable or near-charitable enterprises.

CONVENTION CHOICE Then the Republican national convention came along and got into a tangle over the selection of a running mate for President Coolidge. Dawes was down at Marietta, Ohio, attending a reunion of his college, and his interest in the events at Cleveland Conference among party leaders at the convention having produced no unanimity of opinion as to the vice presidential nominee, the convention took a vote on the matter.

Frank O. Lowden of Illinois, Lowden promptly declared the honor and the name of Dawes, already mentioned and before the convention with the support of William Jennings Bryan, was brought forward.

Some doubt existed as to whether Dawes would take the nomination and some opposition arose to his selection. Those who are close to him declare it was this question that caused him to consent to use his name and add that the prospect of a fight made him want the nomination.

It is the opinion of these friends that the promise of a fight always has been and always will be Dawes' chief incentive. The vice presidency doesn't offer much in the way of a fight, and that is why that office, which he did not and does not appear directly to him as an official position.

The feeling of Dawes is not alone his but is shared by other members of his family, to a certain extent. When the idea of being for the Republican national ticket set in Tuesday night, Mrs. Dawes turned to a friend in answer to a question as to going to Washington and said:

"Washington would be entirely strange to me, I have lived there, but this is home and we have so many friends here we shall regret to leave it only for a time."

What he has given any thought to what he will do after the four years of the president, he hasn't disclosed it to his most intimate associates. Several times during his campaign tour, the presidential nomination in 1928 was mentioned in his presence, but always he reticently refused to have heard, or said nothing and maintained an unchanged expression.

Mrs. Ross Says She Will Run Governor Job
CHEYENNE, Wyo. — (By United Press) — Determination to become the governor's office independently and "without the aid of advisers" was voiced today by Mrs. Nellie T. Ross, Wyoming's newly elected woman governor, in a statement to the United Press.

"It is only thru the aid of my husband that I am governor of this state. I would never have sought the office of my own volition," Mrs. Ross declared.

"I shall carry on as my husband would have carried on. I shall ignore heavy questions, open-mindedly and without the aid of advisers."

Eugene J. Sullivan, Republican whom she defeated for the office, in a telegram of congratulations, said:

"Accept my congratulations on your splendid victory. It is a high compliment to the memory of your dear husband, and an expression of confidence in the people in your ability to conduct the affairs of the state."

"I want to commend the good people of your state for their election and I hope to have the pleasure of your acquaintance some time. It appears that you and I are the first of the kind. Best wishes for your administration," Mrs. Ferguson wired.

WILL DEMAND REVISION
PEKIN — The new government of China shortly will demand revision of all "unequal" treaties with foreign powers, Foreign Minister Wang indicated this afternoon in an interview with foreign correspondents.

FINDS CHILD AFTER THREE YEARS

A three-year search for the child her estranged husband spirited away ended for Mrs. Lea Zierke in Philadelphia. She found her daughter, Antra, now 7, living there with her paternal grandparents. The search had started in Seattle. Juvenile courts of Chicago, New York, Seattle, Brooklyn and Philadelphia had cooperated in it.

DONAHEY TAKES 69 COUNTIES

Republican Opponent Carries Only 19 in Ohio

COLUMBUS — (By United Press) — Harry L. Davis apparently carried only 19 counties in the gubernatorial contest.

Governor John Donahay carried 69 counties.

Counties that Davis apparently carried include:

Ashland, Athens, Columbiana, Cuyahoga, Erie, Fulton, Gallia, Geauga, Harrison, Highland, Huron, Jefferson, Lake, Lawrence, Lucas, Paulding, Seneca and Wood.

In 1920 Davis carried 60 counties and Donahay only 28. The following election, 1922, Carol Thompson, Republican nominee, carried 48 counties but was defeated by Donahay who carried only 40.

Davis' feat in carrying Cuyahoga by 36,000 votes was the surprise of the election, when past statistics are considered. Since ship election the city has returned a Republican majority for governor only once. That was in 1922 when Thompson was given a 3-124 majority over Donahay.

In 1920 Davis lost the county to Donahay by 6225 votes. In 1918, however, Davis, Democratic, for governor by 16,331 votes, in 1916 by 13,516 and in 1914 by 18,565.

YOUTHS TO FORM BIG CROSS

School Children to Play Part in Armistice Day Plans

ALL STAND AT ATTENTION

Impressive Ceremonies Outlined by Committee

Lima school children will form a big cross on Main and Market streets Tuesday afternoon, Armistice Day, if present plans of the Armistice Day committee, of which Colonel John Harley of the American Legion, is chairman, materialize.

All public school children will assemble on either Main-st. or Market-st. at a spot near their respective schools and the lines are expected to reach from the Erie tracks to Grand-av on Main-st. and from the D. T. & I. tracks to College-st. on Market-st.

Each line will be single and the children will stand side by side at arm's length. The lines are to be in position by 2 p. m., at which time bombs will be exploded and the children will stand at attention for two minutes saluting the American flag, one of which will be carried by a representative of each school.

OTHER PLANS Any surplus of children will be stationed in the corners of the Public-sq., where the two lines will cross.

Definite plans concerning this part of the celebration of Armistice Day will be made Friday afternoon at a meeting of the Armistice Day committee and Prof. R. E. Offenbauer, superintendent of Lima public schools, at the Board of Commerce. Besides Offenbauer and Harley, the chairman, the committee is made up of Dr. Harvey Basinger and Dr. John Blatzenberg, representing the American Legion, and Sylvan Holstein, Sherman Abrahamson and Morris Rosenbloom, representing the merchants.

Following the participation of the children in the celebration, a parade will be staged at 2:30 p. m. under the auspices of the American Legion. Invitations have been sent to all American Legion posts in northwestern Ohio to take part, and it is expected a number of them will answer favorably.

The out-of-town post bringing with it the largest delegation of service men will receive a prize of \$25, while the second largest delegation will get \$10. The post having the best drum corps, outside of Lima, will be awarded a prize of \$15. The Ohio Northern university band of 50 pieces, led by Prof. Mike Mazzanti, will also be in the parade, Harley said.

CELEBRATION AUTHORITIES ARREST SALESMAN HERE
H. C. Jones, 47, traveling salesman, of Toledo, was arrested at a local hotel Wednesday evening on a warrant held by Mercer county authorities and was taken to Celina Thursday.

Police say he is wanted for passing an alleged worthless check on a business man at the village of Mendon.

BARN AND GARAGE ARE DESTROYED BY FLAMES
BUFFINGTON — (Special) — Fire of unknown origin destroyed the barn of Herman Kindig and the double garage of W. C. Boughy here shortly after 11:30 p. m. Wednesday. The properties are located in Jackson-st. near the Reformed church.

An auto, wood, coal and a complete set of carpenter tools were destroyed in the burning of the Kindig barn, but the Boughy auto was taken from the garage before it was burned. A high wind imperiled other buildings and it was necessary to wet down the roofs on several occasions. The damage, estimated at more than \$1,000, is partly covered by insurance.

MARRIOTT SERVICES
Funeral services for Stacy W. Marriott, retired farmer, who died Wednesday at his home, 430 Elmwood-av., will be conducted at the residence Friday at 2 p. m. Rev. Samuel Hunker, pastor of Market-st. Presbyterian church will officiate. Burial will be in Fairmount cemetery in Anglatize-co.

LOSE HAVE
PAINESVILLE, O. — D. Bissel, physician of this place may have been elected coroner of Putnam county, he received a vote of probability and it is doubtful if his opponent, Dr. J. E. Bissel, will be able to collect as many votes as he needs.

TWO GIRLS ARE MISSING AFTER AUTOMOBILE RIDE

TOLEDO — Two girls who came here Sunday from Mansfield, O., are missing from their rooming house and a mysterious telephone call has caused police to start an investigation.

The girls, known to the keeper of the rooming house as Mildred and Mary Hurst, both under 20 years old, left Wednesday noon in an automobile with a young man saying they were going to work.

Wednesday night a physician called at the rooming house and said that he had been directed by telephone to attend Mildred Hurst, who was seriously ill. Neither girl has returned.

FATHER AND SON DAY PLANNED

Mayor Moyer Issues Formal Proclamation

Cooperation of churches, civic clubs, schools and all organizations in the city in the observance from Nov. 9 to 16, of Father and Son week is asked by Mayor Earl C. Moyer in a proclamation issued Wednesday afternoon at the city hall.

Expression of the true relationship between father and son for general betterment of the community is requested by the mayor in special Father and Son exercises fostered by organizations whose purpose aims toward making Lima a better city.

"The most valuable asset in any city is its boys," Mayor Moyer said, "and the dominant character-building influence in the life of a boy should be that emanating from the home. Make your boy your pal and confidante, take him with you and make him conversant with your affairs, both public and private."

"Let our churches, schools, clubs and all other agencies for the upbuilding of the community arrange to have fitting exercises which shall encourage and emphasize the sacred relationship, to the end that the father will become more the companion and the guide of the son, and the son comes more to appreciate the value of the father's association and counsel."

OFFICIAL COUNT IS STATED

Board of Elections Finds Numerous Mistakes

Thursday the Allen-co Board of Election took up the dreary aftermath of finding out who won, after they already knew. The official canvass of the vote counted.

Several errors which have come to light will change some of the standings of the county candidates, but will not reverse the results.

A mistake in carrying over the total for Ed Smith, from one column to another, gave him 10 votes too many. It was discovered Thursday. The total carried should have been 6,982. In another a 2 was discovered to be a 7. So Smith gained 50.

His standing is now 12,028, against 11,810 for Munnaugh. Further changes may be discovered, as the official count proceeds.

Klinger and Long who ran neck and neck have neither gained or lost materially in recapitulation. Two years ago Klinger won in the county unit where he was bowled over by a landslide of Lippincott votes.

Tuesday he ran good in the fourth, but was cut down in normally Democratic precincts.

Governor Al To Take Rest After Warm Campaign

NEW YORK — (By Associated Press) — Governor Alfred E. Smith, elected to the chief executive position in New York state for the third time in Tuesday's election, the President Coolidge called the state, will take a short rest after his strenuous campaign against his Republican opponent, Colonel Theodore Roosevelt.

He will remain in New York City for several days, visiting his dentist and then will return to Albany to clean up an accumulation of work. Later he probably will go to French Lick Springs, Ind., in the hope of successfully treating the rheumatism which forced him to interrupt his tour of New England in the interest of the national ticket.

He spent yesterday receiving hundreds of messages of congratulations on his victory, including one from Colonel Roosevelt.

The governor made his first public appearance after the election, last night when he was called to the stage during the performance of a musical revue by one of the actors and received an ovation.

Colonel Roosevelt spent a quiet day yesterday. He said that he planned to take a vacation then would "get to work." He declined to discuss his plans further than this.

\$125 DONATION IS MADE

Fund Specified for Armistice Day Celebration

First meeting of the newly-organized Retail Merchants' Bureau of Lima was held Wednesday night at the Naval hotel with Paul W. Crawford, second vice-president, presiding in the absence of President Henry Kaner and Walter Rowlands, first vice-president.

The meeting was a good-will affair, James E. Morton, manager of the Lima Board of Commerce, with which body the bureau is affiliated, said Thursday morning.

Members of the bureau voted to donate \$125 toward expenses of the Armistice Day celebration here Tuesday. Twenty-five dollars of that amount will be awarded the out-of-town American Legion post having the largest delegation of service men.

The next largest delegation will get \$10 of the amount. Fifteen dollars will be given to the post with the best drum corps. The remainder of the money will be used for other expenses incurred by the celebration.

Morton advised the bureau to have all of its members register with an identification bureau in New York city for the purpose of identification while out of the city. Each member will in the near future have his picture, fingerprints and signature taken and sent to the New York bureau.

They will in some other city, if a merchant's identity is questioned, he can refer to the New York identification bureau.

ACCIDENT VICTIM IS RECOVERING HEALTH

Vane Sullivan, 27, son of Mrs. Thomas J. Hoffman, is recovering at his home, 832 W. Wayne-st., from injuries received Sunday night when an automobile which he was driving went in a ditch near Sider-st. Sullivan suffered deep scalp wounds and body bruises. It was at first thought he had sustained a fractured skull.

Funeral services for Walker Tharp, who was instantly killed in the accident, were held Wednesday at 2 p. m. at Bethany Lutheran church. Rev. W. C. Spayde and Rev. G. B. Garner officiated. Interment was in Woodlawn cemetery.

BALDWIN PLANS NEW CABINET

Marquis Curzon May Be Side-tracked in Dead

LONDON — (By United Press) — The chief issue at stake as Stanley Baldwin completed a list of ministers today was whether Marquis Curzon would occupy his customary post of foreign minister in a Conservative cabinet or be replaced by a younger, more liberal statesman.

The new prime minister was expected to announce his appointments late today and the usually well informed parliamentary correspondent of the Daily Telegraph said that Curzon had been "side tracked" in favor of Austen Chamberlain.

The correspondent said that the new ministry would include: Leader of the House of Lords, Marquis Curzon. Foreign secretary, Austen Chamberlain. Secretary for the colonies, Colonel L. S. Amery. Secretary for India, Lord Birkhead. Secretary of state for air, Sir Samuel Hoare.

Secretary of the admiralty or minister for health, Sir Wm. Joynson-Hicks. Chancellor of the exchequer, Neville Chamberlain. Leader of the House of Lords, Marquis Curzon, who had much to do with building up a vigorous imperial policy during several terms as foreign secretary. Correspondents who say Curzon leaving an interview with Baldwin yesterday said the former seemed flustered and angry.

Meanwhile, the busiest party in London was Young Isobel MacDonald, daughter of Ramsay MacDonald, who is superintending removal of her father's belongings from No. 13 Downing-st. to their former home in Hempstead.

DELPHOS AUDIENCE TOLD GREAT VALUE OF CLEAN SPORTS

DELPHOS — A large crowd packed the auditorium of the Jefferson Hotel Tuesday night to hear Abbie Lipton, the "Big Brother" to 100,000 kids, speak upon the teaching of the children.

Captain T. Bismore Lipton outlined that it was better to teach the child to co-ordinate the operations of the muscles and brain and that it is infinitely better, and much more healthful, to care for the growing youngster by providing clean, wholesome recreation than to care for the child and girl later in a house of correction.

COLLEGES HELP ILLITERATES

Faculty Loans Help Students
to Acquire Education

PURPOSE IS ACHIEVED

State Sponsors Expansion of
Teaching System

FRANKFORT, Ky. — (By Associated Press) — In the mountainous district of Kentucky are two schools, Berea College, the largest and most widely known mountain school of the South, and Witherpoon College, another large institution but the least known among 200 mountain schools.

The students at Berea work their way, training to teach, in the professions of law, farming and business. Their expenses are negligible but their means are limited. President William J. Hutchins points out. The enrollment runs as high as 2,738 students, who come from the neighboring mountains.

The system is one of self-support. The faculty has arranged that the students may work half day and study half a day. While President Hutchins' son's education costs more than \$1,000 a year at a prominent university, the students here average \$146 annual expenditure. Most of them do not have that much money so they receive faculty loans of \$30 each, then work out the remainder of their expenses.

HOME DEDICATED — The dedication of the new home economics building brought out the largest body of mountain men and women ever assembled. It was considered a demonstrative response to the campaign against illiteracy, one of the features of which was the inauguration of "moonlight schools" for illiterate adults.

Governor Fields recently dedicated the latest addition to Witherpoon College, a gymnasium of rough hewn timber, to reach which, he and his party made much of the journey on mules. The school is located in a pocket between high mountains. The gymnasium was built entirely by the community, situated on Sunable Creek, a half mile from its confluence with the Kentucky river.

A non-sectarian institution, an orphanage and two branch schools, it is supported chiefly by the Lafayette Avenue Presbyterian church, Brooklyn. Altho one of the largest schools in the mountains it is little known within the state.

Twenty-one years ago Harvey S. Murdock, president, came from Brooklyn to found a college in the mountains. Next year, with completion of the building of high and grade schools, his original purpose will have been achieved.

WASTE LAND FIRE KEEPS 100 VOLUNTEER FIREMEN BUSY; TREES DESTROYED

CLEVELAND — Euclid Village and Cleveland Heights firemen and scores of volunteers fought a fire which spread over thirty acres of waste land between these villages early today. Because the nearest fire plug was a mile and a half distant, hoes, spades and shovels were used in a desperate effort to beat out crackling leaves and brush. No buildings were nearer than a mile and a half of the threatened area.

The fire first broke out early last evening in dry leaves and underbrush in a ravine of Nine Mile Run-Creek but was subdued by an arm of 100 men and boys who beat it out after more than 100 trees had been destroyed. With the fire reduced to a few smoldering stumps and logs, firemen thought the danger over, only to be called out again late last night.

The cause of the fire could not be traced. Three other fires, which started in the woods of Euclid Village, were easily extinguished.

SHE FEELS LIKE REAL SELF NOW

Says the Plant Juice Brings Results Far Beyond All Expectations

STOMACH TROUBLE GONE

"Your Plant Juice has made me feel like my real self once again after I had suffered so long with my stomach and nerves that my whole system had become weak and run down and I believe anybody will get results beyond their expectations if they

MRS. SADIE DYK will give Plant Juice a trial," said Mrs. Sadie Dyk, a well known lady of Paterson, N. J., living at 261 North Seventh Street, that city, while talking recently with The Plant Juice Man.

"I had to be very careful about what I ate and yet, no matter how careful I was, I would always suffer after eating," Mrs. Dyk continued. "Food would not digest, my stomach would sour, gas would form and I would bloat badly and then terrible pains would come in my chest and back. My liver and kidneys had gotten into a terrible condition. At times, it seemed like my liver would fill up with bile. I had dizzy spells and lacked ambition so that even going up the stairs at home would tire me out. I was always constipated and had to keep taking physics and I couldn't sleep and got up mornings so tired that I could hardly do the housework."

"I was badly discouraged about myself and then, finally, I found Plant Juice and it has made me feel like myself once more. I have a fine appetite and eat anything without suffering afterward — no gas, bloating or pains in my chest or back. My bowels are regular; liver and kidneys work fine and the dizzy spells are gone. My nerves are improved so that I sleep fine and feel refreshed mornings. I go about my housework with new strength. Plant Juice did all of this for me and I believe it would bring anybody results far beyond their expectations."

Plant Juice is sold in Lima at the Hunter drug store, 49 Public Square and Main and Wayne streets; also at the Argonne drug store, oppo. Post Office.

For these all-important finishing touches which lend the charm of perfect grooming, Elizabeth Arden has created the following preparations—

Venetian Amoretta Cream. An exquisitely smooth, fragrant cream to be "fined" on the face before powdering. It protects the skin from wind and weather, and forms an ideal base for powder. \$1, \$2.

Venetian Little Lotion. A powder in liquid form which acts as an astringent and protects the skin from sunburn and windburn. Cannot rub off. White, Cream, Naturelle, Special Rachel, Spanish Rachel, Ocre. \$1.50, \$2.50.

Poudre'd Illusion. A face powder for the discriminating woman; a perfect flesh tint, delicately perfumed, pure and fine. Illusion, Rachel, White, Ocre. \$3.

Venetian Rouge Amoretta. In three shades. Light, that gives a slight glow to the ash-blond complexion; a Medium, for usual complexion; and Dark, for the brunettes. \$2.50, \$4.50.

Venetian Lip Paste imparts a natural color to the lips. Two shades—Star (Naturelle) Carnal (Deep Red) \$7.50.

The Election

The "silent vote" voted. Millions upon millions of loyal Americans trooped to the polls Tuesday and registered their will. Nationally, it was a wonderful tribute to the President of the United States. No man was ever accorded such a display of confidence. The avalanche of 1920 paled into insignificance for in that year it was a vote for "a change." This year it was a testimonial of faith.

The results on the presidential ticket were no surprise. They had been forecast. They had been casting their shadows ahead for many months. The people didn't want a change; they were satisfied with things as they are and trustingly placed their welfare for the next four years in the hands of those now at the helm. President Coolidge will have a big task during the next four years in justifying this great demonstration. We sincerely hope he more than fills the bill.

Considering the results in state and county, there were surprises galore. Vic Donahey's great popularity carried him thru to victory when everyone else on the ticket fell before the solid ranks of Republican voters. That should be considered by Donahey as one of the greatest honors ever bestowed upon a chief executive of this great state of Ohio.

But in winning, Donahey loses. He is governor in name. He has the job and he will draw the salary. Aside from that, his hands are tied. If it weren't for the fact that we were anxious to see the honest, economic, and efficient administration of Donahey recognized by his re-election at the hands of the people he has served so faithfully for the last two years, we would have preferred to see it unannounced and give the governorship to the party that won everything else to do with as it saw fit.

With everything in connection with the administration of opposite political faith, Donahey cannot expect to do wonders. He will be fortunate if he is able to do anything at all, particularly since the general assembly is not friendly.

In Allen-co there never was such a general upsetting of predictions. Had anyone submitted a set of figures as they appear in the unofficial results a week ago to either Democratic or Republican politicians who know the "ropes," he would have been looked up as insane. It would have been regarded as silly to predict that the Democrats would pull thru only one member of the county ticket. But that was the case.

The "silent vote" did the trick. Just how many "silent" voters became of the same opinion is a matter for conjecture. It is something for you to study. You can put aside your cross-word puzzles for a week or so and when you get thru with the study, you probably won't be anywhere near the correct solution.

'ROUND LIMA HOUR BY HOUR

By OH. OH. JACKENHIM

A Page from the Diary of an Antiquated Reporter: Right early up to grapefruit and more radishes. Caught Chicago and Detroit, and verified the late returns. Another was mistaken, like Theo. In 1912. Men are seldom bigger than party. Albeit, their ego is, really.

By gas wagon, to the hospital. There, meeting Mrs. A. P. Sanders, wife of the eminent Put. Who, here, on sad mission, a daughter going under the knife. Howed in gracious greeting to Miss Glenn, efficient nurse of the dry docked telegraph editor of this public print.

Along the avenue, Henry Wommon, newly come from plague-ridden Los Angeles. Fell in with Messrs Harrison, the former telephone magnate, arrived soon from the fair hills and rivers of dear old Kentucky, down Lexington way. Where he saw Center cut on alive last Saturday. At the route, and all the pep taken out by accumulative mass of voices.

This day that the grapes has been saved to the republicans, while Allen-co took to the same food. And gorged itself. Shades of General Geo. A. Hall! Albeit, it came a quarter century too late for the old tactician. Salute the new Mark Hanna. Frank H. Downing, of Holmes Hall.

Lunched, on a good hash, with cauliflower as the side car, and fresh apple for the sweets.

He says: "Nothing could be more absurd. Moreover, such a statement is tragically harmful to the current graduate and the young man who is about to decide on an engineering course of study. The engineering profession is already over-crowded."

Every business is over-crowded, for that matter, except branches of skilled labor where strict union rules hold down the number of apprentices.

As far as mere numbers are concerned, we have too many engineers, too many doctors, too many lawyers, too many newspapermen, too many architects, too many retailers—and so on, the list is virtually endless.

No matter what you decide to "take up," you find that a disheartening army of others has the same inclination. Even in aviation there is a waiting list.

No field exists in which success is easy. The fact that success is difficult proves the existence of sharp competition—over-crowding.

But over-crowding is mainly due to the presence of a multitude of incompetents. For every general, there are thousands of privates who haven't the makings of a general, who couldn't make good at the top no matter how often opportunity knocked at the door.

There are many electrical engineers, but only one Edison. Many surgeons, but only a few Crites and Mayos. Many criminal lawyers, but only a few Darrows.

Plenty of room at the top, for the right man. If you are confident that you have the ability and stick-to-it-iveness to make good, young fellow, go ahead. Don't falter, don't weaken, don't be discouraged by "over-crowding."

Tea Drinkers

Drinking more tea? If not, you're behind the American procession. The British this year are selling us 137 pounds of tea for every 82 pounds last year.

Such things do not happen by chance. In this case, the reason is advertising. British interests, as you've noticed, have been advertising heavily, portraying tea temptingly, urging its use. Advertising talks to tens of thousands while the individual salesman talks to one.

Liquor For Diplomats

One steamship brings 178 packages of whisky and other liquors for French, British, Spanish and Argentine embassies in Washington. A very busy season apparently lies ahead for the diplomats. With supplies like this, they should be able to settle anything.

Ocean Depth

Japanese, 50 miles off their coast, find the deepest place so far located in any ocean. They sound to a depth of over six and a quarter miles without touching bottom. That sounds very deep. Yet, compared with the earth, it is less than a faint scratch on a billiard ball.

Time cures all things, according to a judge who recently sentenced two to life imprisonment.

LIMA NEWS HEALTH SERVICE

By DR. WILLIAM BRADY

THIS REDUCTION OBSESSION

If it is a far cry from the colonial hells tripping around in 14 pounds of skirts and things to the dumb bell of our day in a 14 ounce costume, the frightful mutilation of woman's alluring adornment that has spread from the institutional class and wide among the susceptible or suggestible class, is nothing less than a scream. And now, having disposed of her burdensome attire and sacrificed her crown of glory, she develops a still more serious obsession, a hankering, a whim, a craze or passion to be skinnier, and once seized with this fancy she seems bound to achieve her purpose by hook or crook, too often by crook.

Far be it, by several thousand letters, from me to intimate at this stage of the game that this reduction is sinful. On the contrary, perhaps not over 10 per cent of it is wrong, and it is this 10 per cent that inspires this harangue which I intend particularly for parents or others who may have any influence or control over girls in their teens. I advise attempts at reduction are all too common these days even among grown women who ought to have some sense. Indeed, the obsession knows no age limits, and I have been compelled to refuse a great number of requests for information or instruction along this line because proper "indications" for reduction seemed lacking. But the adult who unwisely enters upon a reduction regimen is likely to lose heart before any grave injury is done, whereas, the adolescent girl with the reduction obsession may carry the thing to the point of grave impairment of her health and future well being.

Now it is true also that some girls and boys in their teens should follow properly adapted reduction regimens for the benefit of health and general well being, but of course, this is a serious matter, which requires the careful supervision of the young person's own physician in every instance. It has been my working rule for years to give no information or advice relating to reduction to person under 19 years of age.

Besides facing this more or less arbitrary age limit, I have found it necessary—under the Hippocratic motto—to fix also a displacement limit, and in accordance with that rule, I cheerfully and cordially decline to give aid or consolation to any adult whose present displacement seems more than right. Here's where we clash with the reduction craze, for to my eye and mind anything less than 10 per centum over the normal or average weight for a person of a given age and height is quite all right for one this side—gosh, this isn't the side it used to be—but I mean the foolish side, or perhaps I had better say the unsettled side of 40—now you know what I mean. For those past 40 I'm perfectly willing to offer what help or suggestion I may toward the subduction of even a trifling superfluity of flesh, since even a few pounds excess weight then lessens longevity.

The standard age weight height tables are generally incorrect as to weight for girls in their teens, and parents should be on guard lest daughters who carry

COMMONPLACES

This is very commonplace. Very commonplace, but true: If you keep a smiling face All the world will smile at you; This is whispered everywhere: Liar no one wants to meet. Therefore, keep your record fair. Never lie and never cheat.

No one ever speaks the praise Of a surly man and mean, No one ever likes the ways Of the vulgar and unclean; Knowing this, why cultivate Having all your friends desert? Why be one the world will hate? Why not seek for what is best?

Misery draw their fellows' scorn. So, of selfishness beware. With the right to choose we're born.

Why not follow what is fair? Men admire the youth who tries. All upon the idler frown; Therefore, why not seek to rise? Why deliberately go down?

Be you cheerful, brave and kind. Keep the simplest pledge you give. And where'er you go you'll find Friends about you while you live; Do your best at every turn. Help another when you can. This is all you need to learn: All the world admires a man! (Copyright, 1924)

HOW TO END BLADDER TROUBLE

Remarkable results in quickly clearing up long-standing cases of bladder trouble and weak kidneys are being obtained with a valuable oil that has been known for many years, but has only recently been put in easy-to-use capsule form. Too frequent or painful urination, backaches, tired feeling, headache, indigestion, insomnia, rheumatism, etc., disappear almost overnight when the real cause is removed.

This remarkable remedy is known as Haerlen Oil, and was originally compounded by a famous Holland chemist. It goes direct to the overworked and congested kidneys and bladder, and tones them up and restores them to normal working order often in 24 hours. But be sure you get the genuine RED MILL Haerlen Oil, imported direct from Holland and put up in testable capsules. Costs only 50c, and sold under an absolute money-back guarantee. COOLIDGE TURNS TO PROBLEMS

Much Interest is Shown in Outcome in Congress

TAX MATTERS ON SLATE

Few Plans for Short Session—May Shift Cabinet

WASHINGTON — (By Associated Press) — With the evidence of his popular endorsement steadily increasing as election returns continued to come in, President Coolidge turned his thoughts today to plans for the next four years, including the setting up of his own administration and the framing up of a legislative program to be presented to congress.

In the latter connection, interest at the White House centered today on the results of the congressional contests. The present congress, the nominally in control of the Republicans, has been dominated by the balance of power held by the La Follette group in both branches. Because of this, it is expected few measures except the usual appropriation bills and possibly farm relief legislation will be presented by the president to the final session of the sixty-eighth congress, which begins in December.

While Coolidge has declared for further tax reduction and those close to Secretary Mellon of the treasury department and to the president that such legislation will not be passed by the administration at the short session. Nor will an extra session be called after March 4 for this purpose.

WAR PLAYS HAVOC WITH AUSTRIAN BIRTH RATE

VIENNA — The havoc wrought by the war in the birth rate in Austria is brought out forcibly in a report issued by the city school authorities of Vienna, showing that in 1914, the year of the outbreak of the war, the birth rate was at its highest, and in 1915, it was at its lowest.

COOLIDGE'S BIRTHDAY — John John, 67, was born on this day in 1867. He was a member of the Ohio legislature and served as a member of the Ohio senate.

DOHENY DEFENSE ON STAND

Oil Magnate Upheld by Navy Officer in Lease Quiz

LOS ANGELES — (By Associated Press) — E. L. Doheny, oil magnate whom the government accuses of obtaining for his Pan-American Petroleum and Transport Company certain Elk Hills naval oil leases and contracts by collusion and fraud, was acting from the highest patriotic motives when he accepted the leases and contracts which the government now seeks to cancel, according to Admiral J. K. Robison, defense witness in the trial of the federal cancellation suit.

Admiral Robison, former chief of the navy engineering bureau, testified yesterday he appealed to Doheny to aid the government in the construction of a fuel oil

BELGRADE CELEBRATES BIRTHDAY OF PRINCE

BELGRADE — Celebration of the first anniversary of the birth of Prince Peter, heir to the Yugoslavian throne, was made the occasion of a great military display which has aroused much opposition in several quarters. All the troops of the Belgrade garrison were turned out, and the principal streets leading to the cathedral, where the principal ceremonies were held, was lined with infantry, the soldiers wearing steel helmets, while the side streets near the edifice were full of small artillery, machine guns and other warlike material.

The country is indeed quite proud of the year-old prince, and his recent pictures, showing clearly that he has the traditional Karageorge nose, have been placed on sale everywhere

Pepgen Fortifies Against Colds and Flu: Says Hunter

Pepgen, the famous herbal remedy, buldies up the stomach and kidneys, and fortifies the system against colds and "flu" so common at this season of the year, says Chas. M. Hunter, head of Hunter's Drug Store, the Pepgen agency in Lima.

Poor digestion, attacks of gas and bloating, pains in the back, too frequent kidney activity, rheumatic pains, headaches, dizzy spells, coated tongue and unsound sleep are quickly banished by this wonderful remedy. A full treatment of Pepgen will even relieve catarrh of the stomach.

Small Investment Gives Big Returns To This Lima Man

"For the past several months," said Mr. McPherson, of 111 W. Elm St., "I felt tired and worn out

all the time. My appetite was poor, and what I did eat would not agree with me. Nothing that I ate tasted right and after my meals I would have attacks of gas and bloating.

"I heard a great deal about this Pepgen. It was highly recommended, so I got a bottle and started taking it. Right away my condition improved and as I continued taking it I kept getting better.

"Now I am in good health again and I can say Pepgen is the cause. It is surely a wonderful medicine."

Pepgen may be obtained in Lima only at Hunter's Drug Store at Public Square, corner Main & Wayne Sts. and Argonne store, opp Post Office.

GOES TO PRISON

Man Who Cut Down American Flag Sentenced

TOKIO — (By Associated Press) — Rihel Okada, who cut the American flag from the flagstaff in the grounds of the destroyed American embassy on July 1, last, was yesterday sentenced to six months' imprisonment. His two accomplices were sentenced to four and two months respectively, with a suspension of sentence for two years, which means that if they are of good behavior during that period, they will go practically unspanished.

Okada cut down the flag during the demonstrations held through Japan in June and July as a protest against the American immigration law excluding Oriental immigrants from the United States.

How To End a Cough Quickly

Specialists say to actually end a cough in the shortest possible time the medicine should not only soothe and heal the soreness and irritation, but should also loosen and remove the phlegm and congestion which are the real cause of the coughing. When this is done the worst cough quickly disappears.

This "double-action" method has been brought to perfection in the prescription known as Dr. King's New Discovery for Coughs. A few drops stop the coughing spells almost instantly, and people who have hardly been able to sleep at night rest even after the first dose. It has been very successful, too, for children's whooping cough, for bronchitis, laryngitis, bronchial asthma and hoarseness. On sale at all good druggists. Ask for

The Trail of Tears

A sweet and clean as the breath off her native hills was the "Little Rose,"—and as innocent—until Eugene Martin came into her life. Poor, trusting, motherless little girl! Pitifully ignorant of life, she was the last to suspect her prince of treachery.

But when big "Flin" Corey discovered their secret—

As she looks back on that long year of humiliation, suffering and bitter shame she shudders to think how narrowly she escaped from a

lifetime of degradation and woe.

Never was the folly, the crime of ignorance driven home with more telling blows than in this powerful, heart-gripping narrative. Every growing girl—every father and mother with a daughter—should read it. It is entitled "The Rattlesnake's Bite," and appears in True Story Magazine for December. Yet it is but one of the many intensely interesting, helpful, inspiring features in this great issue.

Don't miss it!

JELKE GOOD LUCK MARGARINE

Fine On Hot Toast

For spreading toast as it comes, crisp, brown and piping hot, from the toaster, use GOOD LUCK and see how really fine it is. GOOD LUCK melts instantly as it touches hot toast and makes a delicious, tasteful combination you will love to eat. The thicker the GOOD LUCK the better the toast tastes. What is considered to be the most trying test possible for a margarine simply proves the high quality of GOOD LUCK. It spreads hot toast and hot breads of all kinds perfectly.

THEATRE DIRECTORY

"Being Respectable," with Marie Prevost, Monte Blue, Irene Rich, Louise Fazenda, and Phil Rosen. Starting Saturday at the Lyric theatre.

At the Lyric

The photoplay attraction at the Lyric theatre until Saturday takes the form of a novel which was published in novel form some months ago.

The story told is that a lot of people of average social standing who tried to work out their destinies on the theory that they didn't care what people thought of them, were in no sense bound by the so-called conventions.

The unhappy tangle that resulted from the basis of the narrative and drama.

Monte Blue, Marie Prevost, Irene Rich and Louise Fazenda are some of the well known players who appear in the cast. Blue is seen as the young man who is forced into a marriage with a girl who didn't the slightest thought of marrying thru the machinations of a designing parent of the girl. His subsequent "unconventional" conduct leads him right up to the point of eloping with another woman and leaving his wife and baby. He finds it cannot be done.

The appearance of Louise Fazenda in a serious role in the picture is worthy of comment. This is her first attempt at a part in which her business has not been to make people laugh.

At the Sigma

Mary Roberts Rinehart's magazine story, "The Altar on the Hill," is the foundation of Frank Woods production of "The Silent Watcher" with Glenn Hunter and Irene Rich, which begins an engagement at the Sigma Friday.

The story deals with the efforts to save a young secretary to John Steele, lawyer and politician to protect his employer from scandal, to assume the responsibility for a murder he knew nothing of, and to hold the faith of his wife. Those who have viewed the photoplay are of the opinion that it is one of the best examples of dramatic achievement in some time and that the two demonstrate extraordinary ability in the interpretation of the principal characters.

Howard Bosworth and Alma Bennett head the supporting cast which includes such other well-known players as Gertrude Astor, Delia Jennings, Lionel Belmore, George Nichols and Brandon Hurst.

"Daring Love" with Elaine Hammerstein and Huntly Gordon appears for the final time Thursday at the Sigma theatre.

GIRLS GIVEN TRIPS TO SEASHORE BY REFORMERS

LONDON — The English reformers' idea of making bad girls better is to give them trips to the seashore. Accordingly last year several of the delinquent institutions for young girls took parties of inmates to various seaside resorts where they were given a two weeks' vacation with only the supervision of two matrons to each party of 25 girls.

Last year's outing proved so successful that nearly all similar institutions this year took up the idea and allowed their best behaved girls to have a vacation at the expense of the trip, above what it would have cost to feed and provide for the girls at the institution. They were given progressive and interesting methods in the conduct of the institutions of the country.

BIKE RACES

NEW YORK — New York's 15th annual international six day bicycle race will be run in Madison Square Garden Nov. 20 to 25.

The race was announced by the expected champion, the American entries are headed by Bobby Walcott, Phil Rosen and Harry Moran, who led in their first six day victory last week at Chicago.

"Freckles"

"Freckles and His Pal" is the delightful offering of "Red" Mack's "Serenaders" at the New Orpheum theatre for the last half of this week. This play will be presented for the first time in Lima at the Thursday matinee. It is a story of the northwestern Canadian life.

The Serenaders have proven an attractive organization of capable players who not only present enjoyable comedy drama but mix it up with musical numbers and vaudeville specialties to no inconsiderable extent. This is a type of entertainment seldom seen in a city the size of Lima and has been found very acceptable to New Orpheum audiences.

Beginning Sunday matinee Billy McCoy and his "All Ace Rove" will be the New Orpheum attraction. This is a musical revue featuring Everett Sanderson's Memphis Sycophants, one of the best liked novelty jazz orchestras now playing with musical comedy productions. Sanderson is willing to put his orchestra in competition with any other orchestra in this district and one night will be set aside for this contest.

Everywhere you turn in Central Park, New York City, you see a statue. But there's always room for one more. Here's the latest arrival, "William the Silent," a replica of the statue at The Hague.

Good Reports

Reviews given "The Passing Show" in cities where it has been shown so far this season indicate that the Shubert spectacle is unusually good this year. It will be seen at the Faurot for three performances on Nov. 14 and 15.

All vulgarity has been eliminated, costumes and scenic effects are of the best and Roy Cummings and George Price are heralded as real comedians. The play itself is a rapid kaleidoscope of ever changing musical numbers, comedy situations and spectacles.

The chorus is also said to be one of the best looking to be seen in any Passing Show in the past several years.

"PHANTOM HOUSES" WILL BE EXPLAINED IN COURT

CLEVELAND — "Phantom Houses" of the Representative Realty Co. will be explained today to the jury, sitting in the trial of five officials of the Municipal Savings and Loan Co., indicted on the charge of making and publishing a false financial statement.

Testimony will be introduced that although loans aggregating \$1,581,000 were made to the representative company to build the houses, no trace was found of them on the designated lots.

UNITED DAUGHTERS OF CONFEDERACY TO MEET

SAVANNAH, Ga. — The thirty-first annual convention of the United Daughters of the Confederacy will convene here Wednesday, Nov. 18. Preliminary exercises will be held Tuesday evening, Nov. 18, in the municipal auditorium, while Monday, Nov. 17, will be given over to meeting of committees and a conference of the division presidents in charge of the president-general will take place.

There are 1000,000 members of the organization, with 1,125 chapters in 47 states and one in Paris. Last year the United Daughters of the Confederacy contributed to scholarships and otherwise, \$304,000 toward educating worthy and needy young people.

Mrs. Frank Harrold, of Americus, Ga., a sister of Governor Walker of Georgia, is president-general of the organization.

CURED HIS RUPTURE

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am a doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell but will give full information about how you may find a complete cure without operation. If you write to me, Eugene M. Pullen, Carpenter, 2091 Marcellus Avenue, Manhattan, N. Y. I'll better out on this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

LAW SUSPENDED

COLUMBUS — (By United Press) — The qualified martial law established in Niles has been suspended.

Gov. Donahay, who established it in a proclamation last Saturday when rioting broke out between Klan and anti-Klan forces, in another proclamation effective at 6 p. m. Wednesday held that peace and order has been established by niles authorities.

The governor also declared the civil authorities are now able to handle the situation.

The board of inquiry, however, will continue its investigation and make a full report to the governor the latter indicated.

FAIR BOARD TO ELECT NEXT YEAR'S OFFICERS

DELPHOS — Election of officers for the coming year will be held at the regular meeting of the Tri-co Fair Board at the Lang shoe store, Friday night. In addition to reorganization, it is said that many of the plans for next year's fair will be reviewed and supplemented.

The success of the fair this year has practically assured the continuance of the event in future years, was the assertion made Thursday by H. A. Lang president.

Says: Grandest Stomach Medicine in the World

Relief Comes At Once But Better Still Chronic Indigestion Goes For Good

Get a bottle of Dares' Mentha Pepsin from Green's Public Drug store or Hunter's drug stores today with the distinct understanding that your money will be promptly returned if it does not stop the most acute stomach distresses quicker than any remedy you ever used.

Your stomach may be so distended with gas that you think every minute your heart is going to stop beating, yet with one dessert spoonful of Dares' Mentha Pepsin that dreadful feeling of suffocation will vanish in a few minutes.

It's a wonderful formula—this combination of Pepsin with other good stomachic ingredients—so wonderful that in one small town in New Jersey in 1921, over 6,000 bottles were sold.

Never mind what causes your indigestion or gastritis, or how long you have had it, or how many other remedies you have tried, this is the one medicine that will make your old disabled stomach so strong and healthy that you can digest anything you eat without the slightest distress.

Even catarrh of the stomach can be banished in a reasonable length of time.

And you know that when your stomach is in fine shape, nervousness, headaches and dizziness won't bother you. Every regular druggist guarantees one bottle of Dares' Mentha Pepsin. Green's Public drug store and Hunter's drug stores sell lots of it. Adv.

Woman Seeking Long Sleep In Mystery Land

CHICAGO—(By United Press)—County hospital physicians today battled the effects of 50 grains of a strong nerve sedative taken by Mrs. Dorothy Nelson, 37, of Milwaukee, to produce a long, long sleep in the land of mystery.

Tired of wandering, Mrs. Nelson took venereal in an attempt to commit suicide after efforts to find work here and at Cleveland failed. In a note she said: "I am a wanderer on the face of the earth and I am tired of it all—tired of the noise and the crowds—tired of the mob."

A broken heart was revealed in another note which said: "Sometimes I wonder when evening comes and the day's work is over and as you sit and smoke if you give a thought to the woman you made a wanderer."

An identification card among her meager belongings said: "Please notify H. L. Nance, 210 Sherman-av., Pittsburgh, Pa., in case of accident."

Even Short Want Ads Sell Quickly!

Real estate buyers are constant readers of The Lima News Want Ad columns. The response from these readers is prompt, and a sufficient number of interested prospects usually respond to even the barest statement. If the Want Advertiser will word his Want Ad in such a manner that it will carry a real message, the search for a buyer will be greatly shortened, for any reader will know at once whether he wishes to follow up that particular offer. If the property offered for sale is what he wants, he will respond more quickly, in order to be on the ground first.

Mrs. J. Zebce ran this Want Ad for two weeks, and found a buyer for her house.

STOCKS SURGE UPWARD

Approval of Election Results Seen in Big Trading

BUYING IN BIG BLOCKS Demand Expands During Day—Ralls Active

LIBERTY BONDS

1st 4 1/2	\$102.12
2nd 4 1/2	102.10
3rd 4 1/2	102.08
4th 4 1/2	102.06
5th 4 1/2	102.04

NEW YORK—(By Associated Press)—Stock prices continued to surge upward at today's opening, further attesting to Wall Street's approval of the election results. Buying of selected issues in unusually large blocks stimulated the early trading, during which several new 1924 high records were marked up, including American Smelting, Maywell Motors B. and Montgomery Ward.

American Can and U. S. Steel common were unchanged, but other popular issues moved fractionally higher, with marked activity in the copper shares. The upward movement gained momentum as trading expanded in the subsequent dealings, with heavy buying orders slowing in for the lower-priced shares. Early saggers, such as American Can, resumed their advance and high grade rail stocks, including Union Pacific and New York Central showed fresh bursts of strength. Granger and southern western rail issues were unusually active, partly in response to the cumulative effects of several weeks of record-breaking freight rates and more interest was exhibited in mail order and department store shares. Mallinon Silk preferred jumped eleven points to 90. Gains of 1 to 2 1/2 points embraced American Radiator, Universal Pipe preferred and the St. Paul, Missouri Pacific and Great Northern preferred issues. Nickel Plate, however, broke two points on the announcement of a deadlock in its merger negotiations on a lease basis. Other heavy shares were Atlantic Refining, Davidson and Kenney. Foreign exchanges opened steady.

Buying power showed signs of diminishing when the rally had been under way for about half an hour and this, together with the marking up of the renewal rate on call money to three percent brought about active selling for both accounts. Early gains which ran from 1 to 3 points, were materially reduced or cancelled with weakness developing in some of the chemical, sugar and oil shares. Chandler Motors broke to a new low for the year at 2 1/2 and Dupont sold off 3 1/2 points from last night's close. Colorado Fuel, American Can, Cuyamel Fruit and Atlantic Refining also yielded readily on realizing sales. Ralls continued to offer stubborn resistance to selling pressure, indicating that they were in a better technical market position than the industrialists.

MENU TELLS OF PROGRESS

Story About Lima Told in Pennys Publication

Tribute to the rapid growth of Lima within the past four years is belittlingly expressed by the Pennsylvania Railroad Co. on all dining menu cards issued on the main line between Pittsburgh and Chicago.

The article, written by City Manager C. A. Bingham upon request of the Pennsylvania Railroad Co. officials is as follows:

Situated about midway between Pittsburgh and Chicago is the city of Lima, Ohio. This city is one of the fastest growing cities in the Midwest. Its population was 41,000 in 1920 and it has grown to 53,000 in four years. The building permits now total \$400,000 a month even on a low valuation.

Lima is truly a city of diversified industries as well as a coal city. While railroad and motor transportation are its principal activities, the output of Lima also includes hundreds of other essentials. The annual industrial payroll of the city amounts to more than \$16,000,000 and its bank clearing total nearly \$100,000,000 a day.

The city is under the commission-manager form of government. During the past two years over \$1,000,000 worth of paving has been laid, the water system has been enlarged at a cost of \$500,000, and over \$2,000,000 worth of sewers have been built or contracted for.

"New power lines have been brought in from other states, so that Lima now has practically unlimited electric facilities. Its location on five main line railroads and as many more interurban electric lines make it an ideal location for those seeking a manufacturing or home location."

SON DEFENDS FATHER IN SHAFER-McCLAIN CASE

Suit brought by John B. Shafer against Alonzo McClain, wealthy shareholder in the estate of Elmer McClain, former city service director, to obtain payment for 640 trees, common pleads before a jury in common pleas court Thursday.

Shafer charged that McClain removed 640 trees from his premises and carried them to his lumber yard. Due to reported carelessness in handling many of the trees died. The trees are alleged to be worth a total of \$350. Elmer McClain is defending his father.

It's Warm Out-Of-Doors on the GULF COAST

The American Riviera

IBERVILLE explored the Gulf Coast from New Orleans to Pensacola on frigates and barges. You, from the cold North, discover its sunny comfort and its romantic and interesting, on the excellent thoroughfare to the Louisville and Nashville Railroad, including the de luxe all-steel limited, *The Pan-American*.

Climate and sports, sunshine and rest; surfaced roads, skirting the tree-fringed Gulf shore; modern hotels and hospitable people; low round-trip fares and uniformly moderate costs give charm and logic to the Gulf Coast as your winter vacation place. Let the undersigned give you further and complete information. Ask or write for illustrated booklet.

making sure that Rusco will stop your car on command

TO MAKE SURE that every inch of Rusco Brake Lining measures up to the Rusco standard, stop your car in 10 feet with properly adjusted 2-wheel brakes, going 15 miles an hour. It is scientifically tested before it leaves the Rusco factory. Say "Rusco" for brake lining.
